

REMUNERATION REPORT 2022

Orthex Corporation's ("Orthex" or "the company") remuneration report for the financial year 2022 has been prepared in accordance with the Finnish Corporate Governance Code 2020 issued by the Securities Market Association and other applicable regulations. The Corporate Governance Code is available on the association's website (www.cgfinland.fi). The remuneration report is published simultaneously with the corporate governance statement, the Board of Directors' report, the financial statements, and the sustainability report on the corporate website at www.investors.orthexgroup.com. The company's Board of Directors has prepared and approved this remuneration report and it will be presented to the Annual General Meeting to be held on 18 April 2023 for the shareholders' advisory approval.

This remuneration report describes how Orthex has applied the remuneration policy approved at the company's Annual General Meeting on 6 April 2022. The remuneration report describes the remuneration and other financial benefits paid to the members of the Board of Directors and the CEO during the financial year 2022. In addition, the remuneration report compares the development of the remuneration of the Board of Directors and the CEO with the development of the employees' average remuneration and the company's financial development over the past five years.

As to the company's remuneration policy for governing bodies, the company's Board of Directors has decided to amend it so that the remuneration policy defines clear maximum payments for short- and long-term incentives payable to the CEO and that the company's potential long-term incentive scheme can be other than share based. When deciding to amend the remuneration policy, the Board of Directors considered the shareholders' opinions, which were presented in connection with the approval of the remuneration policy at the 2022 general meeting. The Board of Directors proposes to the 2023 Annual General Meeting that the amended remuneration policy be approved. The decision of the general meeting regarding the remuneration policy is advisory.

Introduction

The goal of Orthex's remuneration schemes is to promote the company's competitiveness and support the implementation of the company's strategy. The remuneration schemes also aim to engage key personnel in long-term work to achieve personal and shared goals and increase shareholder value.

Effective and competitive remuneration is an essential tool for hiring capable management in the company, which in turn contributes to the company's financial success and implementation of good governance. Remuneration supports the implementation of the company's strategy and long-term profitability and promotes the company's competitiveness.

Summary of remuneration in 2022

In 2022, the actual remuneration of the members of the Board of Directors and the CEO followed the remuneration policy. Orthex did not deviate from the remuneration policy in the remuneration of the members of the Board of Directors and the CEO and did not exercise its right to recover the remuneration during 2022.

During the financial year 2022, the members of the Board of Directors were paid fixed monthly fees. The amount of the fees paid depended on the member's role in the Board: Chair of the Board – member of the Board. As decided at the 2022 AGM, the monthly fees remained the same. The fees paid are disclosed under section "Remuneration of the Board of Directors".

The total remuneration paid to the CEO during the financial year 2022 consisted of fixed base salary with fringe benefits and variable short-term incentive paid for the performance in 2021. The CEO's total remuneration in the financial year 2022 amounted to EUR 527,189 of which variable remuneration accounted for 19 per cent. Orthex has no long-term share-based or other incentive schemes in place, which partly explains the share of variable remuneration of the CEO's total remuneration. No changes have taken place in the CEO's remuneration since the company's listing in March 2021. The salaries and incentives paid to the CEO are disclosed under section "Remuneration of the CEO".

Remuneration of the CEO

The Board of Directors decides on the remuneration of the CEO. The CEO of Orthex is Alexander Rosenlew since 2010. The CEO's remuneration consists of a fixed base salary with fringe benefits and a variable short-term incentive. In 2022, Orthex did not have any long-term share-based or other incentive schemes. The purpose of rewarding the CEO is to guide the implementation of the company's strategic goals and thereby promote the company's long-term financial success, competitiveness, and favourable development of shareholder value. The CEO's significant shareholding (11.7%) in the company strengthens the alignment of the CEO's interests with those of shareholders.

Under Orthex's variable short-term incentive scheme, the CEO may be granted annual performance-based incentives in addition to his fixed annual salary. The aim of the incentive scheme is to encourage the CEO to commit to the company and motivate him to achieve the best possible result. In addition, the incentive scheme is intended to encourage the CEO to work in a way that supports Orthex's strategy, growth, and competitiveness.

Incentives under annually commencing short-term incentive plans are discretionary and tied to Orthex's results of operations and the achievement of relevant performance metrics and/or individual performance targets. The terms and objectives of the incentive plan, including performance metrics and weights, are determined, and approved annually in advance by the company's Board of Directors. In 2022, the metrics and weights of the CEO's incentive plan were as follows: profitability 50%, turnover 35%, sustainability 15%. During the financial year 2022, the maximum amount of the CEO's incentive corresponded to 7 months' gross base salary.

The CEO is entitled to a statutory pension. The CEO's pension and retirement age are determined on the basis of the Employees' Pensions Act. The CEO does not have any supplementary pension insurance paid by the company.

The salaries, incentives and fringe benefits paid to the CEO in 2022 are shown in the table below. The incentive paid in 2022 is based on the 2021 short-term incentive plan. The CEO's earned short-term incentive for 2021 was 43% of the annual maximum short-term incentive.
